

22" Industrial Grade NEMA 12 Rugged VESA Mount WIDE LCD Monitor

Model AS220V12

AbraxSys Industrial LCD Flat Panel Displays has been designed for industrial applications in the Control field and other users that require a XGA compatible monitor with a small footprint, high brightness display with good viewing angles. The rugged, metal construction of the monitor ensures exceptional stability, especially important when touchscreen operation is necessary.

Model AS220V12 LCD monitor is a NEMA 12 rated product and utilizes the latest 22" 1680 x 1050 TFT Flat Panels. AbraxSys has added a versatile Analog-Digital interface board, backlight inverter and OSD controls. All elements, including a toughened glass protective screen have been packaged in a compact, rugged metal housing. The result is a flexible Display Head, ready for integration as part of any system; as an analog monitor, or a touchscreen driven human-machine interface.
